

Amakusa Visitor Center and Café Kahnya

Amakusa Visitor Center exhibits with various materials which are related to the rich natural environment and history of Amakusa.

In summer, there are some attractive observation events, such as observing *Uca lactea*, Milky Fiddler Crabs (Hakusen Shiomaneki) and Sea fireflies (Umi Hotaru). The events are hold in Nagaura-jima (永浦島), famous for the living of Milky Fiddler Crabs in a cluster.

『Café Kahnya』 is located right next to Amakusa Visitor Center and serves delicious meals and sweets. You would be able to have a peaceful and relaxing time with a marvelous ocean view of Amakusa.
