

## What the **cat sign** says is..

a place where cats come out and gather.  
If you're looking for a cat, please use it as a landmark.

- Cats live in villages south of the island.
- Each cat has its own territory.

## Precautions

Most cats are used to people, but sometimes they can scratch or bite. Please be careful.

- Touch the cats gently so that you won't surprise them.
- Refrain from intruding into private property.
- Take your trash home with you.
- Keep an eye on your children.

## What to bring

- ◇Disinfecting Wipes
- ◇Tissue
- ◇Portable First Aid Kit
- ◇Trash Bag — if needed
- ◇Motion Sickness Medication
- ◇Camera
- ※There are restaurants, beverage vending machines, and small shops on the island.

It is a worth watching Instagram Account that posts pictures of cats in Yushima. It's also helpful to check the name of the cat. (@cat\_island\_traveler)

**Drinking with "a cat"?! We could be closer to cats!**

~ How to use the leaflet ~

Enjoy a stroll on Yushima island with this route map showing narrow alleys and cats' locations. We recommend using it with another leaflet, 'Yushima's Cat Directory'.

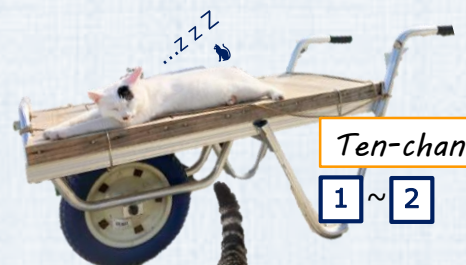

# Location Map of Cats in Yushima

## Cat Directory

Each cat has its own name.

These cats are special cats selected from another leaflet. 'Yushima's Cat Directory' or Instagram '#湯島猫名鑑'. The blue numbers below are the location where the cats appear on the map on the back of the leaflet.

Hinode Black and White Family 2 around Hinode-so

Odd-eyed mother and child with different colored eyes. You'd be lucky if you could meet them.

Mother

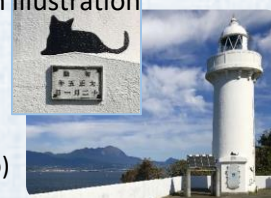

Child

Kitty 7

Mikado 7

## Another Cats Spot

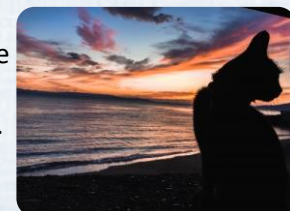

The white lighthouse was built in 1916 and has an illustration of cute cats. (※about 20 min from the port ※only stairs available to go up)

## Only for Overnight Guests

You can see the magnificent views of sunrise and sunset, and take photogenic pictures of cats.

Kuro 2

**1 Yushima Port**
