DAY TRIP

自由に。私らしく

## Spectacular location surrounded by the ocean

In addition to spending time here for sightseeing, co-working areas are also available for remote workers.

A wellness resort that heals your mind, body, and the five senses while freely harmonizing with nature like birds crossing the island. Enjoy the sauna and seawater pool as you see the islets sway in the sea breeze and open your mind to the sound of the waves. Enjoy quiet healing in all rooms with ocean views overlooking the Ariake Sea and Mt. Unzen. Taste the bounty of local foods and be enveloped by the warmth of the bonfire at night.

There is nothing here. But everything is there.

This is an unprecedented resort stay in Amakusa.

Please spend a valuable time while watching the sunset over Shimabara Bay.
